County Tree Permit Application County Tree By-law 2516/24

This application is to injure or destroy a healthy and structurally sound County tree and must include:

- This application form completed in full.
- A copy of your County Tree permit fee receipt (see User Fees Schedule O).
- An Arborist Report completed by a Certified Arborist if required by the County.

Maintenance of County-owned trees such as tree planting, pruning (trimming), removal and stump grinding is the responsibility of the County. Applicants are encouraged to consult with forestry staff to determine if a tree is owned by the County; before undertaking any work on a County-owned tree; and before submitting a County tree permit application.
